

# Dr. Anthony and Jelaine Abdullah Scholarship

## SCHOLARSHIP APPLICATION

The Dr. Anthony and Jelaine Abdullah Scholarship is a non-endowed renewable scholarship. The scholarship is intended to give financial aid to a student who would not otherwise be able to afford tuition at the El-Sewedy International Academy of Cincinnati. Specifically, once a qualified candidate has been chosen, the scholarship would cover that same student throughout his/her successive years at The Academy as long as s/he continues to meet the scholarship criteria. If for any reason the student initially selected does not continue to meet the criteria, or withdraws from the Academy, then the scholarship may become available through the application process to another qualified student and his/her family. The scholarship is funded through annual contributions by Dr. and Mrs. Anthony Abdullah. Re-application for successive school years will be required to ensure the selected student and their family continue to meet financial and academic criteria.

Criteria that will be applied to the selection and renewal process for this scholarship include, but are not necessarily limited to the following:

- The student and their family are Muslim.
- The student and their family are non-immigrant Black American.
- The student's family meets the requirements for financial assistance.
- The family has submitted the required application and documentation including a letter addressing why they want their child to attend the Academy.
- The student must have permanent residence in the State of Ohio.

In order for the selected student and their family to receive the award in successive years, the following criteria will be used:

- The student has demonstrated, through objective assessments, to have made both academic and social progress.
- The student's family continues to meet the requirements for financial assistance.

The student's family must complete a scholarship application form and submit the appropriate documentation prior to the beginning of the first quarter for the academic school year in order to be considered for scholarship.
