

International Academy of Cincinnati After School Program Information

The After School Program is designed to meet the needs of working families by providing a safe, structured environment for school-aged children enrolled at the Academy. Our site is well staffed and conveniently located in the cafeteria at the front of our building entrance. Our location has many advantages with access to our playground and equipment, gymnasium when available, and audio-visual materials. Our program complements rather than duplicates the school day by giving children the opportunity to explore and build on individual interest and skills.
